Raindrop Technique® is powerful, effective, and non-invasive.

It utilizes nine therapeutic-grade essential oils applied to the body to promote balance and rejuvenation. This protocol supports the immune system and spinal alignment, eases respiratory discomfort, reduces bodily discomfort, and balances and uplifts emotions. It enables the cleansing and purifying actions of the nine essential oils to optimize the body's natural processes. The Raindrop Technique® has quickly become an important tool in the kit of holistic health practitioners. Learn from the best and become certified in the Raindrop Technique®.

Please Note:

Please wear loose, comfortable clothing. Remove all nail polish from fingers and toes & trim fingernails closely. Tie long hair back. Avoid all fragrances and perfumes other than YLEOs and use organic personal products. More information can be found at www.lightwingcenter.org.

"Provider approved by the California Board of Registered Nursing, Provider number CEP-3285, for 14 contact hours credit."

Accepted in most mandatory CE states for continuing education credit. Also accepted for many national certifications.
